A VERY ROAMING YETI DAY IN:

Fairport, NY

Fairport is a small canal town about 10 miles from Rochester, NY, where the Erie Canal runs straight through downtown.

There's no headline attraction here. What you'll find instead is genuine small-town charm, indie shops, good coffee, a few breweries, and a very real chance that a lift bridge or a passing train will stop you in your tracks and make you glad it did.

Use this as your starting point. Leave room for the side quests.

Fairport continues to grow, so don't be surprised if you discover a few places we haven't yet.
